Pet Chore Chart

Age-by-age pet jobs that help kids feel proud, capable and close to the family pet, with a daily grown-up check built in.

Dog | Cat | Guinea Pig | Hamster | Cockatiel or Budgie | Leopard Gecko

How to use it

1. **Print your pet's page.**
   Stick it on the fridge or near the cage, tank or food bin.
2. **Pick the jobs that fit.**
   Each job has a dot for the youngest age that can usually do it. Cross out any that don't suit your child yet.
3. **Tick a box each day.**
   Your child ticks the day once a job is done. Weekly jobs only need one tick.
4. **Grown-up check.**
   At bedtime, check the pet really has food, water and a clean home, then initial the day.

What kids can usually do

3+ Little helpers, 3 to 5
Jobs side by side with a grown-up: filling water, tidying toys, talking gently to the pet.

6+ Daily helpers, 6 to 8
Simple daily jobs with a reminder: serving measured meals, brushing, short training games.

9+ Care partners, 9 to 12
Cleaning jobs, health checks and simple logs, with a grown-up checking the result.

13+ Teen keepers, 13+
Can lead most routine care and bigger cleans. A grown-up still oversees health and safety.

A grown-up stays responsible

Chore charts teach responsibility, but a pet's food, water, health and safety are always an adult's job. Check every day that the jobs really got done, and never let a missed chore become a missed meal.

Good to know

Ages are a rough guide, not a rule: you know your child and your pet. Everyone washes hands after pet jobs. This chart is general information, not veterinary advice. If your pet seems unwell, call a vet, and for small pets, birds and reptiles, one who treats exotic pets.

For grown-ups

- Guinea pigs can't make their own vitamin C, so it has to come from their food every day. A grown-up chooses safe fresh foods.
- Hold guinea pigs only while sitting on the floor. A fall can cause serious injury.
- Weight loss or not eating can be an early sign of illness. Call a vet who treats exotic pets.
